

To be a success Think success  
Think, Make your Plan, Work your Plan, reevaluate  
More is accomplished with Diplomacy and discussion than with threats  
Look at Ben Franklin's, Dale Carnegie's books  
Humans Must Be Humane  
Bring no harm by actions or inaction  
Hurting others is no longer acceptable  
Demand responsible behavior from everyone  
Make it the Human Way and Law  
Enforce the Law to Protect All  
Hurting others is no longer acceptable today.  
Kindness is needed everywhere now  
If it is be it is up to me  
Improve things for all  
There is no need for the greed  
The needs of the many outweigh the greed of the few  
Don't do to others what you would not want done to yourself  
Do only as you would want to be done to.  
We need an army of the kind  
Government's job is to meet the needs of the people  
Schools should educate not baby sit  
We need affordable housing for all  
We need medical care for all  
We need adequate food for all  
We need job training  
We need life 101 classes in high school  
We need final exams in every grade  
Students should exit HS with an education ready for life  
with vocational training  
Why not improve things?  
Why are we not taking action to stop the suffering?  
Let's work on stopping the suffering, and killing  
If it is to be it is up to me  
Any journey starts with a single step
